This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

INTRODUCTION.

THE present volume is the thirty-first in the series of General Catalogues of the College. The first, a broadside in Latin, was published in 1799, followed at intervals of three years by successive editions in Latin until 1874. The first General Catalogue in English was published in 1880, followed by issues in 1885 and 1890. A lapse of ten years intervened before the succeeding volume appeared in 1900, the first prepared by the present Editor. A complete collection of these catalogues, excepting those of 1802 and 1805, is preserved in the College Library.

The original broadside of 1799 is reproduced in fac-simile facing page 29.

In the present edition, the volunteer and army record, first introduced in 1900, has been retained. Every effort has been made to extend and correct this as far as the data could be verified from official sources. Special pains have been taken to enlarge the record of graduates and of honorary graduates during the first fifty years of the history of the College. All available sources of information have been examined and the results carefully verified. Yet, with these, as with all additions to later classes, the Editor is conscious that the result is disappointing and incomplete. That something has been gained and that a fair measure of accuracy has been attained he believes an examination of this volume will reveal. The correction of former errors in names and dates has been made with great care, and the result may form a safe basis for future editions.

The same general plan has been followed here as in the edition of 1900. The abbreviations should require no explanation. The names of ordained ministers are printed in italics. The Master's degree, received in course, is entered without date. When conferred under the

rule requiring an examination and thesis, the date is given. The Berkshire Medical Institution in Pittsfield is treated now, as in the edition of 1900, as a separate institution, and its degrees are so entered.

In the list of graduates the degree or degrees conferred by this College is entered immediately after the name, followed by a semi-colon. Degrees of other Colleges follow, arranged as nearly as possible in chronological order. The academic record including graduate study and positions held in this or other Colleges, in the army, navy, civil or diplomatic service is then entered. Membership of learned societies, as far as ascertained, is given.

Honorary graduates have the degree or degrees conferred by this College placed immediately after their names, followed by a semi-colon. The subsequent entry is arranged as for graduates.

To William T. R. Marvin, of the Class of 1854, the Editor would express his deep sense of obligation. Beginning with the edition of 1847, his firm, founded by his father Theophilus Rogers Marvin, an honorary graduate of 1859, has printed each General Catalogue. For fifty years Mr. William T. R. Marvin has aided succeeding editors in this work. His loyalty to the College, his intimate acquaintance with its history and its graduates, his genius for research, and his patient and accurate investigation entitle him to the gratitude of everyone interested in Williams College.

The Alumni are earnestly requested to aid the effort made by the College to keep in touch with its graduates and to preserve accurately their academic record.

The Alumni Register, published at intervals of about two years, gives the titles, occupations and addresses of our living graduates. Corrections should be sent to the Rev. E. B. Parsons, D. D., the editor.

The General Catalogue aims to present in brief form the academic record of all graduates. Corrections or additions to these entries are cordially requested. These should be sent to the College Library.
